
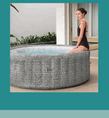
AIRJET® SYSTEM

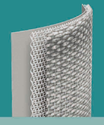
Soothe your body and relax your mind with the touch of a button! The AirJets release bubbles into the water, surrounding you with a calming massage.

CONSTRUCTION FEATURES

MaxHold® fabric internal beams prevent stretching and air loss, ensuring the hot tub consistently maintains its shape.

- Stretch-resistant fabric maintains its shape, even with repeated inflation & deflation
- Increased air pressure retention for relaxing comfort
- Tritech® puncture-resistant walls





ULTRAFIT® MULTI-FUNCTION PUMP

APP-CONTROLLED PUMP

The Bestway® smartphone app puts control at your fingertips. Download the app, connect pump to it, adjust the temperature and massage bubbles, run the filtration system, and set a heating or filtration timer from wherever you are.

Pump Functions:

- Inflates/deflates hot tub
- Heats water to 40°C
- Controls massage & filtration systems
- Sets power-saving timer

Easy-to-reach control panel

Integrated pump saves space

Hassle-free or pressure maintenance

ADDITIONAL FEATURES

ENERGYSENSE® INSULATION
PATENT-PENDING

The innovative EnergySense multi-layer insulated construction prevents heat loss, making this hot tub as much as 40% more energy-efficient than similar inflatable hot tubs.

FREEZE SHIELD® WEATHER PROTECTION

The automatic heating function activates in low outdoor temperatures to keep the internal system between 8°C and 10°C, preventing freezing and damage to the hot tub.
