1.1

Diagram 1.1 illustrates the mounting of the door handle. The process involves several steps: 1. Preparing the handle with a screwdriver. 2. Drilling a hole with a drill. 3. Inserting a pin. 4. Tightening a screw. 5. Mounting the handle to the door. 6. A warning icon. 7. A diagram showing the handle's dimensions: MAX: 35mm, MAX: 25mm, MAX: 25mm. 8. A diagram showing the handle being inserted into the door frame.
