Technical Data Sheet

Connection Boxes
HAD 4-S
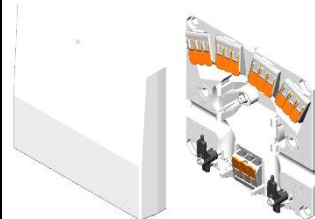

Application	Wall-mounted box for connecting solid wire cables (fixed installation) to stranded wire cables (movable equipment).
Standards	Boxes and enclosures for electrical accessories for household and similar fixed electrical installation. EN 60670-1: 2021-09
Connection	Line: max 6 sqmm solid Load: max. 2.5 sqmm fine stranded with ferrule max. 4 sqmm fine stranded Plug-in terminals "WAGO 221-613" Cable: dia. 9 - 13 mm
No. of terminals	5 (3P, N, PE)
Nominal voltage	400 V
Nominal current	30 A
Mounting	Flush mounting in combination with a dia. 60 mm junction box or surface mounting, 4 screws dia. 4 mm
IP code	IP 20, touch proof
Dimensions w x h x d	117 mm x 113 mm x 22 mm
Safety	rounded edges
Environment	All materials and manufacturing processes comply with RoHS regulations
