Don't Miss a Single Detail

With a 164° wide view angle and 4:3 ratio, the 2K video doorbell allows you to see everything in crystal clear detail.

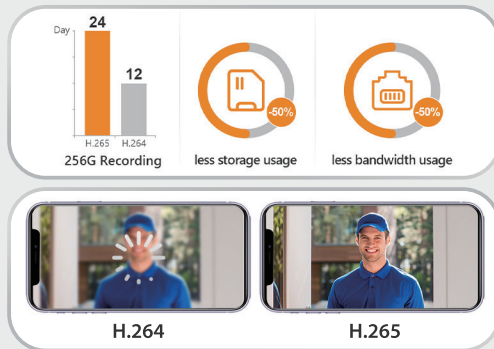

Your Door's Answering Machine

Answering the door is easier than ever with Quick Replies. Choose from preset responses with just a few taps.

Light up Your Way Home

The doorbell's light automatically turns on at scheduled times, or when motion is detected.

Experience Smooth Live Streams

With H265 compression, you can watch the video 50% more smoothly compared to those with H264. No more anxious waits to see what's going on at your door.

Durable and Weatherproof

The IP65-certified case protects the video doorbell against dust and water from every angle.
