

igloohome

## Key Fob

Unlock with just one click.

The igloohome Key Fob is the perfect add-on for anyone with an igloohome smart lock. Designed to let you unlock with just one click, you won't need a smartphone to access your home if you use more than one lock to secure your door.

### Unique features

#### Smartphones aren't for everyone.

Using a smart lock does not mean you need a smartphone all the time. Great for the elderly or your young children, the Key Fob offers an alternative mode of access to your home.

#### One click is all you need.

Unlock both your gate and door at the same time. The igloohome Key Fob is especially useful when you use more than one igloohome lock for your home.

#### Compatible across multiple locks

The Key Fob is compatible with selected igloohome locks.

*\*Selected lock models are listed in specifications.*

#### Unlock function

Click the button to unlock.

#### Lock function

Hold the button down for two seconds to lock.

#### Low battery alert

An intuitive LED visual alert will prompt you to change the batteries when it runs low.

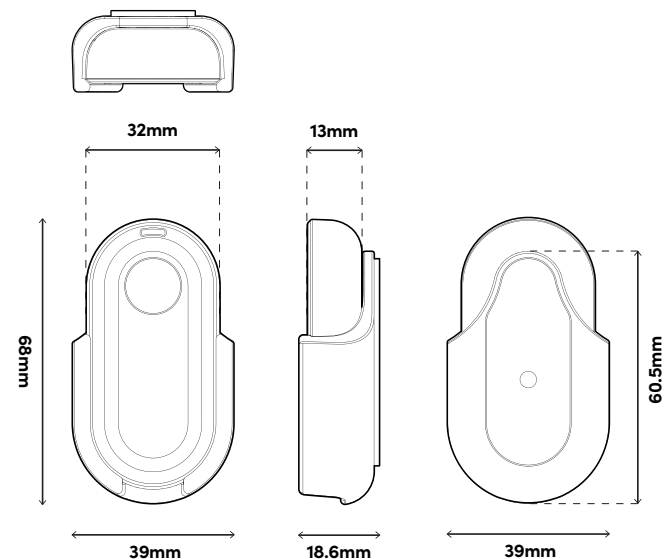

#### Access on your terms

Pair multiple Key Fobs to your lock. Each Key Fob can be paired with up to 199 locks and unlocks a maximum of 5 paired locks within range simultaneously
