

- ① Please read the instructions carefully before using
- ② Do not disassemble or refit the products.
- ③ Press touch sensor button properly.
- ④ Keep the mirror dry, moisture reduces the sensitivity of the product.
- ⑤ Turn off the power before cleaning. The surface of the mirror should be cleaned with glass cleaner, please make sure the mirror is completely dry before using.
- ⑥ Turn off the power and avoid direct sunlight if not used or stored for a long time. Far away from children's access.
- ⑦ Make sure that your charging device is adequate for the mirror voltage rating before using.
- ⑧ Do not approach or put the product into the fire in case of fire or explosion.
- ⑨ Stop using it immediately if abnormal condition occurs.

A diagram showing a magnifying glass with '3X' written inside its lens. The lens is positioned over a small, square image of a person's face, which is shown with a grid overlay. The entire scene is enclosed in a rectangular frame.
